

# Call for Papers

## Journal of Environment and Safety

The Academic Consociation of Environmental  
Safety and Waste Management, Japan

### Submission Guidelines

*Journal of Environment and Safety* is an English-language publication of the Academic Consociation of Environmental Safety and Waste Management, Japan.

The Journal publishes original research and current topics in the fields of environment and safety in universities and academic institutions to contribute to the education and the enlightenment for global environmental preservation and safety culture, as well as the development of the relevant studies, through **the activity of safety and health protection, environmental protection, solid-waste-treatment, and recycling of resources in universities** and other academic settings.

Your articles are publishing in J-STAGE (Japan Science and Technology Information Aggregator, Electronic) web-based system. You can check its webpage here:

<http://www.jstage.jst.go.jp/browse/daikankyo>

*Journal of Environment and Safety* is also published in print once a year.

### Submit your Research

All papers for consideration should be submitted online at:

<http://www.daikankyo.org/journal/submission.html>

For further information, visit the journal homepage and click on 'Notice to Authors of Papers'.

**The deadline of manuscript submission for the journal 2015 is 28th February 2015.**
